

CT understands our clients' demands for **high quality** and **low price**; **CT** has engineered to this client-driven value. Our systems are exclusively built from stainless steel and based on over-rugged tubular welded platform. Construction methods or component selection is never compromised ensuring automation dependability. Streamline efficient manufacturing and a better perspective on long-term profitability make Consolidated Technologies one of the lowest costs solutions in the market place for downstream packaging automation.

FULLY AUTOMATIC SIDE LOAD CASE PACKER SLP-25

ALL-IN-ONE

- **AUTOMATIC CASE FORMER • PRODUCT STACKER**
 - **TOP-BOTTOM SEALER • AUTOMATIC INSERTER**
- up to 25 cases per minute**

AUTOMATIC SIDE LOAD CASE PACKER SLP-25

MINIMAL INSTALLATION SPACE, AUTOMATIC CASE FORMING, AUTOMATIC TOP-BOTTOM CASE SEALING, AUTOMATIC INFEED SYSTEM WITH UNIVERSAL PRODUCT STACKER, AUTOMATIC SERVO DRIVEN PRODUCT INSERTER, OPTIONAL NORDSON GLUE SYSTEM

SLP-25 design provides fully automatic case forming and case advancement towards loading area. Stacked product is loaded automatically by servo driven inserter. Full cases are then transferred for top flaps closing and bottom/top sealing. The system is designed to run various products and can accommodate wide range of case sizes and pack patterns due to universal automatic product collating system. SLP-25 features all-in-one compact design and assures minimal downtime. It provides flexibility, versatility, quick and easy changeover and high performance while requiring minimal capital investment.

CASE PACKER MAIN FEATURES:

Stainless Steel rigid frame • Easy access high capacity case magazine (up to 150 cases, optional extension to 250 cases) • Positive case erecting system to run square and double wall cases • Indexing system • Yaskawa Servo Drives • Color Touch Screen HMI • Bottom-top flap sealing • Tape or Glue • Safety cage with interlocks • Adjustable legs • Small footprint • Easy changeover • Up to 25 cases per minute

*Your first order is our opportunity,
the second is our goal.*
